Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Department of Navy Military Construction in the amount of \$75,000,000 in FY25

The entity to receive funding for this project is the U.S. Marine Corps, who will execute the project at Naval Air Station Joint Reserve Base Fort Worth, 1510 Chennault Ave, Fort Worth, TX 76113

The funding would be used to renovate a U.S. Marine Corps Maintenance Hangar (P-1050). Specifically, funding would be used to renovates the interior and exterior of hangar 1050 including towers 1, 2, 3 and 4 to better accommodate crew, equipment, and administrative spaces. Hangar 1050 is a large hangar that is used for storage and maintenance of cargo planes, such as the KC-130J. The interior of the hangar contains four separate towers that house administrative offices and maintenance shops for the Marine Corps reservists. The facility was built in 1955, with a Building Condition Index (BCI) of 82, a condition rating of 78, and a configuration rating of 64.

This project has a Federal nexus because it is specifically for the use of the Department of the Navy onboard a naval installation.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read 'J. Ellzey', written over a printed name and title.
